

Equine Oxy-Gen Pro-B™ is formulated specifically for palatability, pellet quality and performance. Equine Oxy-Gen Pro-B™ helps get your horses into their peak-performance shape. The pellets are hand screened to remove any dust so that it will not contribute to respiratory problems associated with other dusty feeds. It does not contain high levels of vitamins and/or minerals, so Equine Oxy-Gen Pro-B™ will not interfere or tie up important nutrients in the diet that is being sup-

**Guaranteed Analysis:**
