a special oil and DOUBLE the amount of our exclusive Oxy-Gen formula. The oil used for the coating is not chemically extracted from the seed. Therefore, chemical contamination is eliminated, which can lead to reduced feed consumption. Having an oil coating, Oxy-Gen Xtra 2X is virtually a dust-free product, so it will not contrib-

ute to respiratory conditions associated with dust. Contains a special flavoring for increased palatability and acceptance by all animal. Designed for horses, cattle, lambs, and goats. Does not contain high levels of vitamins and/or minerals. Therefore, Oxy-Gen Xtra 2X will not interfere or tie up important nutrients in the diet that are being supplied from your high quality feed being fed to your animal.

INGREDIENTS: Oats, Vegetable Oil, Wheat Germ Meal, Vitamin E Supplement, Brewers Yeast, Grain Products

FEEDING DIRECTIONS: Feed at the rate of 4 fluid ounces (one full enclosed scoop) per head per day. This feed is designed to be topdressed.
